QR Code Barcode Scan & Share

The following pages will show you how to quickly get started using this app, and demo some features that WAG[™] offers you to add to any of your apps. This app can scan barcodes/QRs as well as generate QR codes for you to share with others. You can also discover some great deals browsing through this app.

1. To add a QR Code, press the + sign.

2. Then, press the barcode icon to scan a barcode or QR.

3. Scan the barcode or QR.

4. Enter in a Caption, add Media (pictures, videos, audio), and then click Generate QR Code.

5. Once the record is saved, click the share button on the top right hand corner.

6. Then click "Post this QR Code/Barcode to Timeline" and add a message you'd like the link to go along with.
